CLASS OF 1971

IDEALS

As you think, you travel; and as you love, you attract. You are today where your thoughts have brought you; you will be tomorrow where your thoughts take you. You cannot escape the results of your thoughts, but you can endure and learn, can accept and be glad. You will realize the vision (not the idle wish) of your heart, be it base or beautiful, or a mixture of both, for you will always gravitate toward that which you, secretly most love. Into your hand will be placed the exact result of your thoughts; you will receive that which you earn . . . no more, no less. Whatever your present environment may be, you will fall, remain, or rise with your thoughts, your vision, your ideal. You will then become as small as your controlling desire or as great as your dominant aspiration.

VARSITY HOP

SOMEDAY

*Someday when the sun is shining
and the breeze is rustling in the trees
teasing the dull brown leaves
to fall and flutter to the parched dirt,
Someday on a day like this
You're going to miss me.*

*Someday when the clouds have floated across the sky
hiding the orange sunlight
which squeezes its way through
to break forth once more to awesome beauty,
Someday on a day like that
You're going to want to come back to me*

*Someday when the sun sheds light
through the hilltops with orange mellowness
and the birds are flying across the horizon
Someday on a day such as that will be
You'll be watching that sunset with me*
